

*Brian Carter Cellars is dedicated  
to producing exemplary Washington  
State wines in the style of  
European blends.*

Our wines are made by renowned winemaker Brian Carter, veteran of 43 vintages in Washington State. Our wines are known for their complexity, balance, elegance and expression of Washington State terroir.

We are dedicated to making wines with minimal intervention from sustainable grape growing. Grapes are hand-picked, and hand sorted - with the reds being hand punched-down and native yeast fermented. Grapes are sourced from some of the best vineyards in Washington including Klipsun, Olsen, Upland, Stone Tree and Dineen vineyards.

We are dedicated to making wine that pairs beautifully with food resulting in two Washington State tasting rooms that serve first class food.

Brian Carter has been named Winemaker of the Year three times. Brian Carter Cellars was named Washington Winery of the Year in 2015, and Pacific NW Winery of the Year in 2023 by Great NW Wine.

While our passion has always been about blends, occasionally Brian comes across a few barrels that capture the essence of a varietal so completely, they defy blending. The ONE collection represents the very finest in a handcrafted, single varietal, single vineyard sourced from the very best vineyards in Washington State.
